Part B for July 1916

SUBJECT

Proposal to continue the levy of tolls at the increased rates on Davanagere and to credit the realization wholly to the Municipal funds

G.O Nr 940-58 d. 31.7.16

I state that, no general rule can be prescribed in the matter of apportionment of the proceeds from the toll-gates near the Municipal towns between the Local Bodies concerned. Some equitable proportion and that each case will be disposed of on its own merits and that it is for the District Board and the Municipality concerned to make proposals as to the apportionment of toll revenue and submit the same to Govt for orders

FILE HEADING

Levy of tolls at Davangere town

From

The Deputy Commissioner, Chitaldrug Dt

No 459 Dated 28 4 15 Received 10 4 15

Diary No 6280	Enclos	Spare Copies	Serial No 3

BRIEF ABSTRACT OF LETTER

V States with reference to G O No 4259/Rec 149-14-2 dated 28th Nov 1914 that the levy of tolls at the increased rates in Davangere may be ordered to be Continued and the realizations wholly credited to Municipal funds till the water supply and drainage projects will have been fully worked out

NOTES AND ORDERS

The object with which the levy of tolls were first introduced in Davangere was to find funds for general purposes and not for the maintenance of the roads within the municipal limits The incidence of toll was in lieu of octroi

see notes at file 40 of 1901 Flag S

(2) Next the rates of Toll were increased to fund funds for the water supply project for Davangere. So it would not be inconsistent with the previous policy to allow the continuance of toll till the proposed projects become an accomplished facts

(3) As regards the legality of the levy, it is submitted that the levy would not be ultra vires since Sec 59 of the Municp. Regulation gives power to levy tolls irrespective of the purposes to which the realizations therefrom will be utilized and overrides the principle annunciated in para 9 of the Chief Commrs notn no 274 dated 4th Nov 1876, and subsequent Govt proceedings

U N° 9330-7/Rel 521-08-4 dated 16 4 1910 and

W G O N° 1660/Rel 175-09-4 dated 17 8 1910

(4) The principle of municipal taxation that its incidence must be on the local inhabitants can not apply in the case of tolls since the levy of toll is intended to tax Vehicles boats & animals not kept for use in the municipality but entering it from outside irrespective of the purpose for which they enter as expressly laid down in Sec 59(b)(iii) of the Municpal Regulation Subject to

executive orders of Govt

(19) It is of course open to the Municipal Council to regularize the levy by adopting tolls as one of the items of taxation under Sec 59 of the Regulation Even when it is done, it is doubtful whether the Municipal Council can levy tolls simply to enrich their general resources, or to find funds for the water supply scheme No doubt several kinds of taxes are enumerated in Sec 59, and it is not expressly stated any where that the funds derived from any particular source shall be devoted to a particular object Nevertheless it is quite clear that these taxes have a definite relation to the essential Conveniences which Municipal administrations are Expected to afford Such as roads, Conservancy, water supply, lighting Etc, and only to the extent to which such Conveniences are supplied can a levy of any or all the taxes be justified Thus no one would tolerate the imposition of a Sanitary Cess, or water rate or a lighting tax in a Municipality which did not employ a single sweeper or Scave-

Note—Contn sheet

GPB 2 000—2 11 11

x ded not have a water supply y it's own x lighted a single lamp &c ot-
ward, although several taxes are
and the M C Council may choose any
or all of them, Govt will only sanction
such y them and at such rates as are
necessary for the specific conveniences
supplied or intended to be supplied
Thus rates on houses etc, may be as well as octroi
sanctioned for purposes of general
administration, tax on Vehicles, Animals
& tolls for construction & maintenance y
roads, Sanitary Cesses for Conservancy,
water rate for water supply, lighting tax
for lighting & so on But it is only doubtful
if any kind y tax can be levied for another
~~tapp~~ any convenience not specifically
Co-related to it thus tolls for financing
water supply Scheme as in the present
instance - This point may however be considered
later on
When the Municipal Council send up
proposals under Sec 59

(11) Meanwhile, as these tolls
are being levied for some years past
and the time for selling the right in
the current year is drawing nig-

The question is one of far-reaching consequences. If we admit the claim of a District Board to a portion of the toll-revenue of a municipal Council, what prevents the latter body from claiming a portion of the toll-revenue of the former? But in the existence of a Famine Cess, part of the proceeds of which, I am told, may not exist, I must consult all the local councils having toll-taxes & the District Boards of the districts in which these local councils lie as to their views in the matter. It is very necessary that some equitable arrangement

Dated Chitaldrug, 23rd September 1915.

To S. Subramanya Iyer Esquire B.A.,
Deputy Commissioner,
Chitaldrug District.

To W. Venkatesh Iyer Esquire M.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Department, Bangalore.

I R.

With reference to Government order No 8189/Rl 149-14 dated 4th May 1915 re the question of the distribution of the income from tolls in Davangere Municipality between the Municipal, District and Provincial Funds, I have the honor to submit herewith for the orders of Government copies of the resolutions of the Municipal Council of Davangere and the District Board of Chitaldrug and to state as follows -

The orders of Government dated 18th April 1910 and 4th August 1910 wherein the principles governing the levy of tolls were enunciated and the proposals made by certain Municipal Councils have not been sanctioned, do not appear to be applicable to the Davangere Municipality in as much as the two Municipalities referred to in those orders of Government proposed to levy tolls on through traffic, while that is not the case in the Municipality of Davangere where tolls are only levied on the carts entering the Municipal limits in connection with the local trade, other carts passing through erroute not being taxed at all The President of the Davangere Municipality lays stress on the above points and is of opinion that the Municipality is entitled to enjoy the full benefit from the toll income. The Municipal Council is also not in favor of foregoing any portion of the toll revenue and requests that Government may be pleased to pass favorable orders in the matter

Bangalore

Dated

Despatched 24 September 1915

Received

General No 153

No

Enclosure No 2

Submitting for the orders of Government, Copies of the Resolutions of the Municipal Council of Davangere & the District Board of Chitaldrug re the question of distribution of the income from tolls in Davangere Municipality between the municipal & District & provincial funds

2. The subject was discussed at the District Board meeting held on 15th September 1915. A majority of the members present were in favor of the distribution of the income between the three funds. Further the Board has resolved that if the District Funds and the General Administration were to receive a share, the marginally noted apportionment would be fair

1. Municipality of Davangere	6/10
2. District Board of Chitaldrug	3/10
3. General Administration i,e, Provincial Funds	1/10

3 Personally, I am of opinion that a share of the receipts from toll levied in Municipalities may rightly be due to District Funds and State Funds which maintain the bulk of the roads which facilitate traffic It is no doubt open to District Funds and State funds to set up their own tolls, but a multiplicity of tolls will seriously hamper traffic It would be simpler to levy only a single toll and divide the net proceeds on some equitable plan The rates of toll may perhaps require some revision in view of the single compounded levy The question of principle involved in this discussion will apply, it is presumed, not only to Davangere but to other Municipal towns in the state as well, where tolls are levied The Division proposed by the District Board is a fair one

4 As regards the first point on which a further report is called for (vide para 3 of the Government order under reply), I must confess that I find some difficulty in comprehending the exact scope of the question Local consumption is a somewhat elastic term and in one view the ultimate consumption of cotton grown, ginned, spun or woven in any one place may extend to the remotest parts of the world As already stated, cotton that merely passes through Davangere and is not to be ginned or bought and sold there, is not taxed at all and all other cotton is generally ginned, pressed and sold in the town This dealing with the cotton may well be considered to be consumption for purposes of local taxation

I have the honor to be,

Sir,

Your most obedient servant,

Treasury Assistant Commissioner,
For Deputy Commissioner,
Chitaldrug District
(Absent from station)

G.V.

Meeting No. 1 of 1915-16.

Proceedings of the meeting of the Chitaldrug District Board held at Chitaldrug on Wednesday the 15th September 1915.

Present:- C. S. Balasundaram Iyer Esquire B.A., President.

2

IV. Read Government order No.8189/Rl.149-14 dated 4th May 1915 calling for a report in consultation with the District Board as to the question of the distribution of the income from tolls at Davangere between the Municipality and the District and Provincial Funds

Resolution - The subject was discussed On votes being taken 6 non-official members and 3 official members were of opinion tha General Administration and District Funds were entitled to a share in the toll revenue, while 5 non-officials and 2 officials were of the contrary opinion

As regards the question of a fair division of the revenue, if District Funds and General Administration were to receive a share, it was generally agreed that the municipality should receive 6/10ths, the District Funds 3/10ths and General Administration 1/10 th of the revenue.

Municipal File No. 357 of 1913.

Serial No

The proposal in this file is to levy tolls on carts etc entering the Chickmagalur Municipal limits, with a view to improve the Municipal finances and find funds for drainage works etc.

A previous application of the same Municipal Council to levy tolls was negatived by Government on the ground that through traffic will be taxed by such a measure.

The recent policy of Government in the matter of the levy of tolls by Municipal Councils is sufficiently clear from the above order and from -- (1) Government Order No 9330-7-Municipal 521-08-4 dated 16th April 1910; (2) Government Order No -- 1660-Municipal 175-09-4 dated 17th August 1910 -- and (3) Government Order No 12191-241-Municipal 256-13-4 dated 6th June 1914 extracts from which are given below -

(1) Government Order of 16th April 1910. "The -- levy of tolls whether in a Municipality or elsewhere is mainly with a view to find the funds for the construction and maintenance of roads The two roads for through traffic in the Malavally -- Municipality are maintained exclusively out of Provincial and District Funds. There is apparently no justification for permitting the Malavally Municipal Council to levy tolls on traffic along these roads".

Government

NOTE—Contn sheet.

GPB—20 000—7 11 18

Serial No

(iii) Government Order of 17th August 1910. "The proposal to levy a toll in Seringapatam cannot be sanctioned unless arrangements can be made to see that through traffic on the road is not taxed and that carts which enter Seringapatam for trade or other business within the Municipal limits are taxed. The toll will then be a direct tax on articles consumed within the town and its final incidence will be on the residents of the town. There is no objection to the people taxing themselves in this manner."

(iv) Government Order of 6th June 1914. "The levy of toll is sanctioned on the distinct understanding that special care will be taken to see that through traffic is not taxed or otherwise hampered".

The provisions of the law relating to the levy of toll by Municipal Councils and by District Boards are also extracted below for convenience -

(v) Section 59 of the Municipal Regulation

Any Municipal Council

(a) after observing the preliminary procedure required by Section 60 and

(b) with the sanction of Government, and subject to such modifications or conditions as under section 61 the Government in according such sanction deems fit, may impose, for the purposes of this Regulation,

General and Revenue Secretariat | Rd File No. 357 of 1913.

Serial No

(iii) a toll on vehicles and animals used for riding, draught or burden, entering the said Municipality, but not liable to taxation under clause (ii) i.e. "vehicle and animal tax", at rates not exceeding in any case those specified in Schedule II.

(II) Section 20 of the Local Board Regulation.

(5) Tolls upon carriages, carts or animals passing along roads or bridges vested in the District Board, subject to such rules, as to the rates to be levied, the purposes for which the net proceeds shall be applied, and other matters, as the Government may from time to time, prescribe".

(III) Rule 9 of the Rules re levy of tolls.

"The net proceeds of the revenue from tolls shall be applied wholly to the construction and maintenance of roads and bridges within the Mysore State".

At least 3 principles guiding the levy of tolls can be gleaned from the above -

Under the Local Board Regulation and Rules toll has been regarded as the payment for the use of the road, and is earmarked for the construction and maintenance of communications. The toll under the Local Board rules is in fact what in legal phraseology is termed "Toll thorough".

NOTE—Contn sheet.

GPB—10,000—13-6 14

But

3 R S 12]

General and Revenue Secretariat

Ml File No 357 of 1913.

Serial No

But the toll authorised by the Municipal Regulation is quite different. It is admittedly a tax on all such vehicles and animals as enter Municipal limits occasionally but are not assessed to vehicle and animal tax, not being permanently kept within Municipal limits.

It is in fact a levy for the occasional use of Municipal conveniences in the same way as the vehicle and animal tax is a half yearly fee for the same. This toll is more of the nature of, though not quite the same as, "toll traverse".

P1

The Government Order of 17th August 1910 lays down the third principle, that toll in Municipal towns should be levied so as to make it an indirect tax on the local inhabitants themselves. The shifting and incidence of such small levies is a very complex affair, but it is not unlikely that, in some cases at any rate, the toll is shifted on to the local resident by the cartmen entering the town on business thereat.

This third principle appears also to have influenced Government when they sanctioned the levy of toll in Tumkur.

Government Order No 8744-Municipal 281-04-4 dated 24th March 1905.

"In lieu of the levy of octroi duty,, except that on cloth, Government are pleased to sanctio

NOTE—Contn sheet.

sanction the levy of tolls on carts entering the Municipal limits of Tumkur, from outside."

In practice, however the result of the application of the two latter principles is practically the same i. e to deny to Municipal Councils the right to tax through traffic But -- through traffic, though it is entitled to exemption as against the Municipal Council, cannot -- claim the same as against the District Board --- which maintains the through road. The most --- equitable and satisfactory solution, therefore,- is to distribute the proceeds between the Municipal Council and the District Board, in some -- proportion to be agreed upon before Government - sanction the levy. In determining the proportion, the right of the District Board to the entire probable receipts on through traffic may be kept in view.

Page 201 Madras & Mysore Local Fund Manual,
Page 154 Hammcik's Municipal Manual.
Article 59 Madras Local Fund Code
" 293 Madras Municipal Account Code.

This arrangement was arrived at in the -- Madras Presidency after considerable experiment in other directions, and has worked satisfactorily for over 25 years.

The proposed distribution of proceeds --- between the Municipal Council and District --- Board can also be justified, on the ground that but for the road maintained by the District ---

NOTE—Contn sheet.

Board

Serial No

Board, no traffic will enter the town, while, but for the growth of a town on the road in question, traffic thereon would not have been stimulated so largely.

This arrangement is very expedient, from the administrative point of view also, inasmuch as both the District Board and the Municipal Council have the right to levy tolls and if both exercised their rights and set up toll bars within a short distance of each other, the result would be disastrous to both. Therefore the Municipal Council which levies tolls should pay some portion of the realisations to the District Board in consideration of its desisting to exercise its right to raise the toll bars just outside the Municipal limits and the consequent loss of revenue to it.

If the arrangement suggested in this note, is approved, there will be no objection on general or legal grounds to sanction the levy of tolls ~~by the Chickmagalur~~ Municipal Council, and ~~also~~ in all important Municipal towns. It will tend to augment the revenue of some of our Municipal Councils and District Boards, which are in an impoverished condition. The condition of the Kadur District Board finances is particularly bad, and any amount realised from this

NOTE—Contn sheet.

this source will considerably relieve the situation.

It only remains now to note that this proposition was placed before the last Local Boards and Municipal Conference, and that the Conference, while it asked that each Municipal Council should be permitted to levy tolls, did not agree to the proposed distribution. This was only to be expected as the majority of the conference consisted of representatives of Municipal Councils and even the representatives of District Boards were residents in Municipal towns. But it will be very inequitable and quite opposed to all previous traditions to accept the recommendation of the conference in this respect.

It would ordinarily have been unnecessary to emphasise the necessity to continue tolls in the fiscal system of the State, but as their abolition appears to have been suggested for the consideration of Government in some other connection a few arguments against such a proposal may not be out of place.

(1.) Mysore is still a poor country and the rates on immovable property do not produce as much as in the western countries

(2.) For the same reason, the license and profession taxes produce very little

(3.) The abolition of octroi which is a far more urgent want is found to be impossible of realisation

Letter No. S.262-9/Misc/149-14-8 dated 29-2-1916

Subject:- Question of abolishing the municipal toll gates and substituting therefor a share in the Local Fund Cess collected in the municipal towns in the district.

* * * * * * * * * * * *

It is resolved that it is most equitable and satisfactory to the Municipalities concerned that the proceeds on account of the Local Fund Cess collected in municipal towns in the district should be distributed to the District Board and the Municipalities in some equitable proportion regarding the same between the District Board and the Municipality wherever a District Board toll-gate exists in the vicinity of a town and vice versa. This would avoid the exercise of the right of collection of Cess by both the parties at one or the same time within a short distance of each other.

SIR,

Adverting to your letter No 5962-9/Rl 149-14-8 dated 20th January 1916, re the proposal of distributing the proceeds from the toll gates near Municipal towns between the local bodies concerned and the Government, I have the honor to forward herewith copies of the resolutions passed by the Municipal Councils of Davangere and Harihar A copy of the resolution of the District Board was submitted to Government with this office letter No 153 dated 24th September 1915 and the Board is still of the same opinion(vide enclosed copy of the recent resolution dated 29th January 1916)

The two Municipal Councils referred to above express themselves against the distribution of toll revenue, as it is levied in lieu of other taxes, such as octroi leviable by them and which could be claimed by no other funds The Davangere Municipal Council states that the rates of toll have been enhanced in order to find funds for the large projects of water supply and drainage of the town and that the rate is liable to reduction after the projects are completed

According to the provision of the Municipal Regulation, Municipal Councils are at liberty to levy tolls and other taxes enumerated in section 59 to improve their general resources and enjoy the full benefit of the revenue and the Regulation does not contemplate the division of their income as now proposed in the [illegible] for advantage

6 Challadrug Deputy Commissioners docket No 1447 D 8-2-16 regarding the distribution of the Proceeds from the Toll gates the Municipal Towns among the Loc

~~Municipality and the Government~~

Resolved that as the levy of tolls in this municipality is in lieu of the levy of octroi duty on all articles except cloth formerly in force, as the improvement of drainage systems of the town is also under contemplation and as the existing water supply to the town is by no means satisfactory and has to be improved probably at a great cost The Council regret their inability to agree with the Government in the matter of the proposed diversion of the tolls revenue and humbly urge that the Government be moved to be graciously pleased to view the representation of this poor municipality with favour and to order that the entire tolls revenue be enjoyed by the municipality as heretofore

Re views of the District Board
on the general proposal on the
postponement of income for
the ensuing official year
Municipal Boards

was discussed at the District Board meeting held on the 5th June 1946 when it was resolved that no toll gate have been opened on the District either by Municipalities or by the District Board, that the city municipality is getting some income under toll gates but the roads through which the cars to pass to the city are being maintained by the District Board, and that the District Board has to get some portion of income which the municipality is deriving. It was further resolved that as per Ramankhan Saheb said that some resolution was passed by the city Municipality Council on the same subject, copy of the said resolution should be called for. vide extract of the Proceedings of the meeting submitted.

The Honorary Municipal President, has accordingly been requested to kindly send the copy of the resolution passed

referred to by the Bangalore Club and that on receipt of the same, the suspension will again be removed at the next meeting and the Board's final views will be communicated.
